**A Message from the President:**

Dear Zonta Club of Amherst Members,

November has quickly arrived. On November 15<sup>th</sup> we have a board meeting the same day as our member meeting so I hope members who don't usually attend will be able to join us.

I would like your input about fundraising for the 2<sup>nd</sup> half of the year and will have some ideas to share with you. I am hoping that each member will order Poinsettia plants for themselves and obtain some orders from family and friends. Niki has been able to get the order arranged with Lowes again this year. More information within the newsletter, but remember this is a fund raiser for our club and we need everyone to help. You can even bring your orders and checks to the meeting.

Since I missed the last meeting I heard through several members that I missed an informative evening with Donna Ketchum- Colletta and Bev Shipe. To both speakers, thank you for speaking to our club. We appreciate the time you were able to be with us.

At our November meeting we will be having our new members induction ceremony so please plan on attending this special night. Our guest that evening is Governor Bonnie Crogan-Mazur, who will be doing the induction with me.

Look forward to seeing you soon

Anita

### **LEGISLATIVE AWARENESS & ADVOCACY – 111**

Currently there are some interesting things happening in our democracy. Likewise with our neighbors to the south. The "Occupy Wall Street" movement is alive and well and spreading across the U.S. and into Canada. This movement is fueled by the fact that 'over the last 30 years, the top 10% of income earners have taken all the gains while the entire bottom 90 percent has undergone a net loss' in the U.S. The percentage of single mothers living in poverty is in the U.S. is 49% while here in Canada it is 48%.

Recently we had a provincial election here in Ontario. Less than 50% of the eligible voters cast a ballot. According to Chantel Hebert the 'profile of the voter who goes missing at election time corresponds to the demographics of the Occupy movement here in Canada. Younger Canadians dominate both groups.' The outcome of recent elections might have been different had this group cast ballots diligently as their elders did.
